

愛屋及烏，同心協力，把愛傳下去 Love others as you're own, stay side by side, pass the love.

分享照護經驗，幫助病友們創造更好的生活品質 Sharing experience of caring, creates a better life.

擁抱MPS的家屬們，你們並不孤獨，因為有我懂你 Embrace MPS families, you're not alone, we're here.

Dear Our Friends,

On behalf of APAC MPS Organization and Taiwan MPS Society, we cordially invite you to attend the **5th Educational Forum for Families and Caregivers on MPS** to be held on **10–12 March 2017** at the 85 Sky tower Hotel, Kaohsiung, Taiwan.

Benefit from the availability of new medical advancements including new born screening program, enzyme replacement therapies and multidisciplinary medical interventions which not only prolong the lifespan but improve the quality of life for our MPS patients. Patients now can live longer along with the new advancements, so we need to shape a new mindset for our patients to grow with their MPS condition instead of disease and this mindset change will be the theme of this event.

The **5th Educational Forum for Families and Caregivers on MPS** aims to provide a platform for the exchange of the most updated scientific advancements and case-based hands-on experiences from physicians, caregivers and patients on the management of MPS-related complications to reflect the theme of this event.

The robust program will combine patient lectures with informative and interactive case-study sessions to maximize engagement between health care professionals and MPS families across the region. We encourage you to confirm your attendance in your earliest convenience. Please get in touch with us, we're delighted to provide further details.

We look forward to seeing you in Kaohsiung for this informative and engaging meeting!

Virginia Tsai
Chairman, APAC MPS Organization
President, Taiwan MPS Society
